Samuel Kuhn	Yesterday's work:	Began first VF test
	Today's work:	Push on 3 main things: finish testing, study the LWC content for PD1 and assesments, begin on presentation work
	Roadblocks:	I got stuck on creating a lightning record view form, then got stuck trying to implement parent to child communication
	Comments:	
Taylor Billingsley	Yesterday's work:	Working on testing, studying LWC content, worked on formatting flow for presentation
	Today's work:	Quizzes, possibly one-on-one for Loom/else
	Roadblocks:	Note: for demo, we'll use test contacts, because those that have case associated don't delete
	Comments:	Note: for demo, be mindful of account emails (format)
Nicholas Kroeger	Yesterday's work:	Testing begin, LWC
	Today's work:	Pd1 begin, finish apex testing, convert to custom controller for opportunities home page
	Roadblocks:	Cant figure out how to test extensions
