Samuel Kuhn	Yesterday's work:	VF use case - progress on re-rendering, adding products
	Today's work:	VF use case - removing products
	Roadblocks:	Got stuck on but figured out updating my list view - came down to requering records for the list view object
	Comments:	
Taylor Billingsley	Yesterday's work:	Uploaded one of the visualforce pages; made adjustments to the other one
	Today's work:	Going to implement custom method next and previous button for each page
	Roadblocks:	Need to adjust one Schema. SObject method I put in my code for security
Nicholas Kroeger	Yesterday's work:	Most of VF page is done, need delete function.
	Today's work:	Begin to look into testing for apex, finish VF page, portfolio again
	Roadblocks:
